

**INTERNATIONAL CASTING CALL for INDEPENDENT FEATURE**

A bold and controversial film that won't be easily forgotten!

**Seeking MAN; 30-40 years**

We are seeking a man between the ages of 30 – 40, speaks English well and wants a chance to express radical ideas and explore the opportunity to live a life with no apparent boundaries. Open to all Nationalities.

Disliking authority is a plus!

**About the film**

This film is a small part of the ongoing war for expression and the freedom to pursue unconventional alternatives in the way we choose to define ourselves and lead our lives. This is not some sappy story about a guy who wants to change the world. This is the story of a man who decides he's going to take control of his life and do anything he fucking well pleases. This film is for the bold, the few, the adventurous. You will not be acting, so much as you will be filmed paving a brave new world for yourself. So if this is you, if you are that guy who just doesn't fit, but is waiting to be heard and squeeze everything you can out of life, please send us your tape. You don't have to be an actor, all you have to do is be honest. We promise you this will be a filmic battle that is not easily forgotten.
